How to Get a Job in 2026

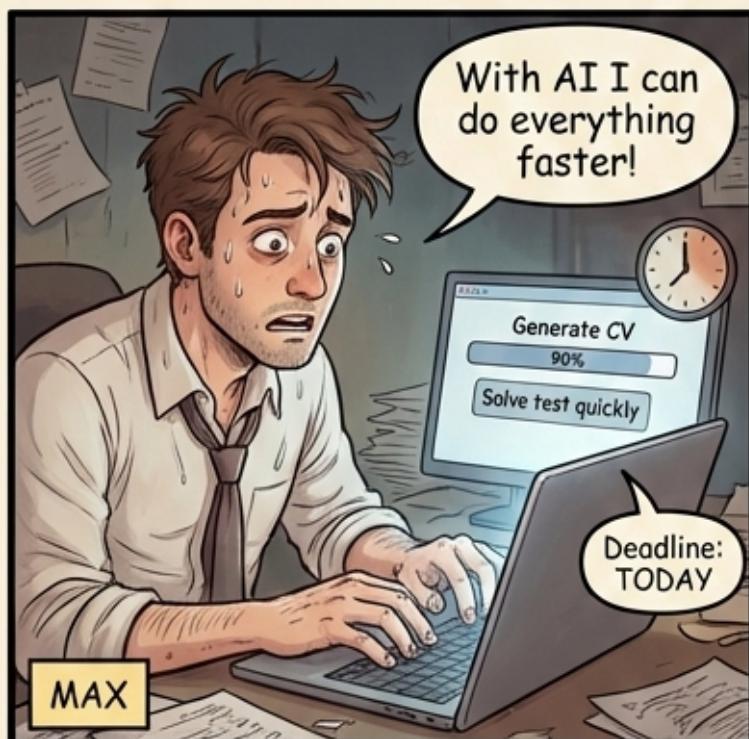

Proven
Methodology

**"Prepare Deeper,
Not Faster"**

The 2026 Paradox

In 2026, everyone uses AI to job hunt...

Traditional vs Prepared

✗ The Traditional Approach

✓ The Strategic Approach

There are **6 phases** that set you apart...

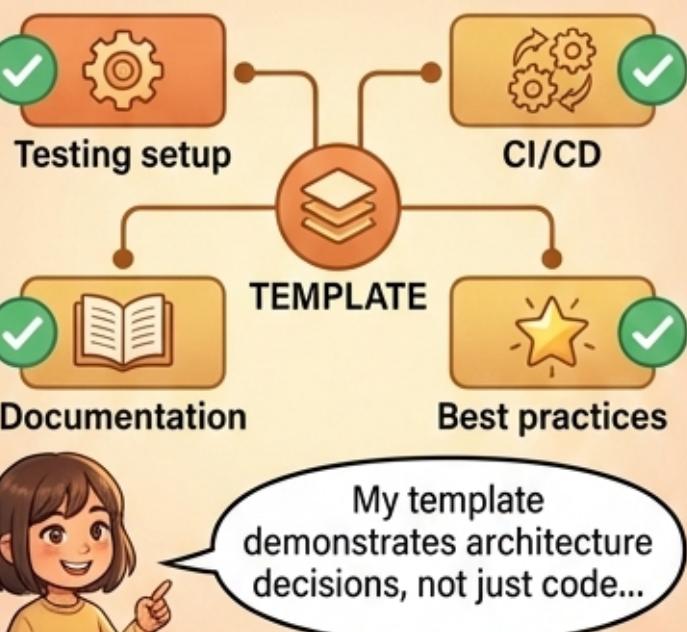

Phase 1: Build Your Arsenal

Phase 1: Build your arsenal
BEFORE you need it

Your template shows judgment and production thinking.
AI implements fast, but YOU demonstrate the decisions.

Implements fast

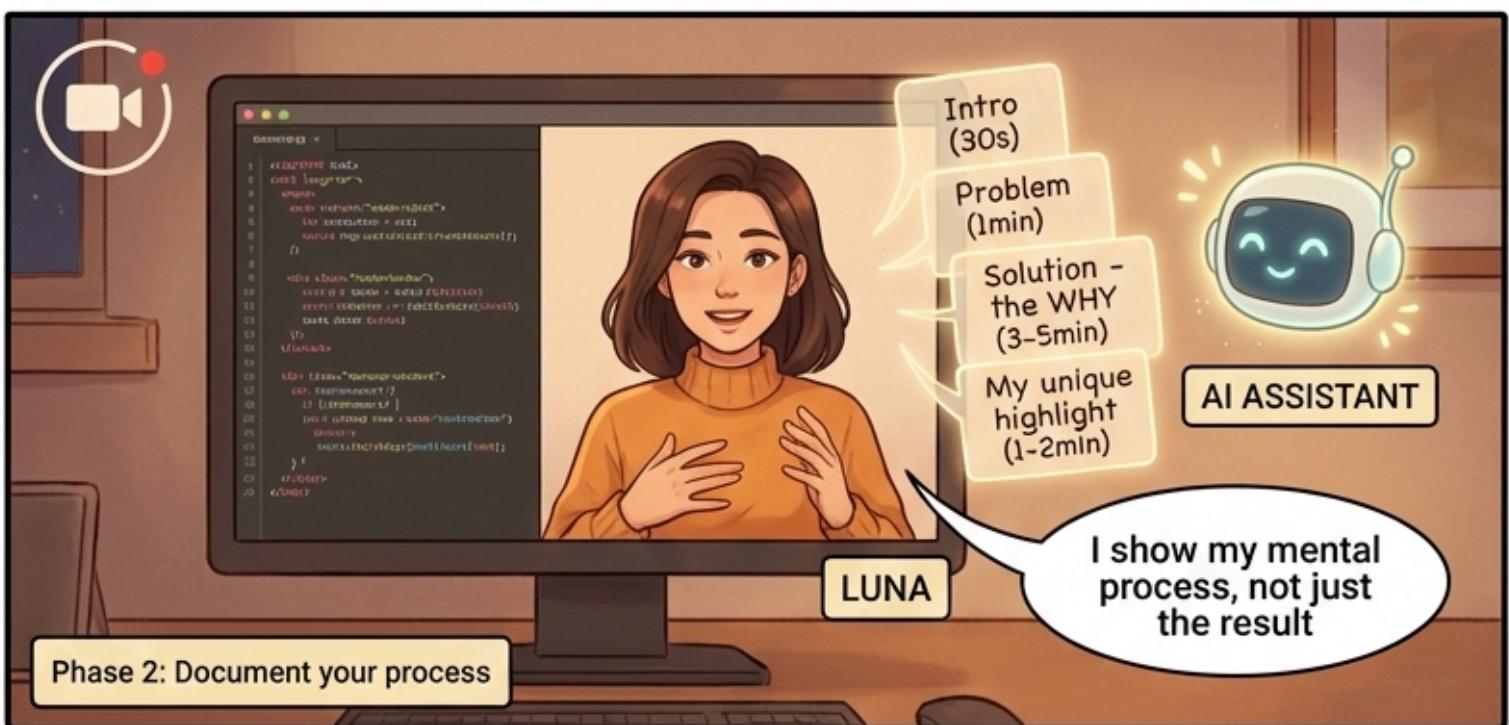

Demonstrate decisions

Create or customize an open source template

Phases 2 & 3: Video and Communication

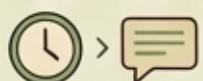

The Communication Balance

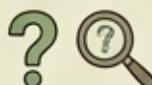

Phase 3: Communicate with confidence

DO

Reply promptly

Clarifying questions

Genuine interest

DON'T

Reply instantly (too eager)

Obvious questions

Desperation

Active, collaborative, confident

Find 2-3 points of genuine alignment

Phases 5 & 6: Know and Demonstrate

Phase 5: Know your interviewer

I visualized their business model to understand it better...

Phase 6: Demonstrate visually

Interviews are conversations between people, not skill assessments

You can't visualize what you don't understand

VISUAL	BENEFIT
Comics	Demonstrates deep understanding
Diagrams	Shows initiative
Architecture	Creates conversation points

The 5 Pillars of Modern Job Hunting

AI IS NOT A SHORTCUT, IT'S AN AMPLIFIER

Will you use it to skip preparation...
or to amplify it?
